

2024 Blessings (Impact) Report

WELS Lutherans for Life's mission:

Protect a child's right to live and be loved by loving moms and dads.

Thank you for being committed to caring for parents in unwelcome pregnancy situations with us. To erase the perceived need for abortion by moms and dads, free services are provided, making a Life choice for the baby the best option while making abortion unthinkable.

Thanks to you and all our donor partners together each day we're:

- **Intervening** with God's compassionate love through pregnancy consults and medical services
- **Empowering** life choices with parenting classes, diapers, and other resources
- **Restoring** those suffering abortion's after-effects with God's forgiveness, healing, and love
- **Developing** teens though engaging instructions so they can make *Healthy Choices*
